About the Show: Season One

SibsTheWebSeries.com

SIBS is a laugh-out-loud, ridiculous comedy web series about sibling rivalry and that weird, quirky bond every sibling understands.

Our series follows the misadventures of a maladjusted, but fun-loving brother-sister duo attempting to "adult" and make something of themselves in the vlogging/selfie culture of Los Angeles.

They have half a brain between them... but they sure are fun! Season 1 on YouTube!

Come celebrate the Season 1 Wrap & Screening with us as we begin our journey on to Season 2!

-Kimberly Niccole (SIBS Co-Creator)
